

## Quality

### QUALITY LUCAS GLASS

Lucas Glass certifies that all its products, laminated glass (windcreens for passenger cars, light and commercial vehicle) and tempered glass (rear and side glass) are manufactured to the most stringent quality standards in place for the automotive sector. The full range is compliant of European safety regulation, R43 rev. 1/add. 42/rev. 2.

Our manufacturing excellence is guaranteed with the implementation of the most rigorous global quality processes, which include:

- ISO/TS 16949
- ISO 9001: 2015
- ISO 14001

These quality certifications give Lucas Glass recognition as a supplier of automotive glass, complying with the standards required for the European and North-American markets, and equal to OEM products.

### COMMITMENT TO SECURITY (ADAS SYSTEM)

**ADAS SYSTEM, Advance Drivers High-tech Automotive Glass Assistance Systems, Lucas Glass comitted with safety.**

Our Lucas Glass front windcreens are manufactured to strict OE level characteristics. This assures perfect calibration of cameras and any other electronic safety equipment fitted on the vehicle's glass.

### WELCOME TO LUCAS GLASS

Automotive Glass is becoming an essential part of the vehicle linked with high technology like HUD, cameras (ADAS system), coated glass, heated, acoustic... offering security, comfort, and energy saving.

Lucas Glass offers a complete solution to the market with a comprehensive range of glass manufactured to the highest OE quality levels. We meet today's market requirements and continue to invest in future systems.

Lucas looks to the future with Lucas Glass.

## Lucas, story of a success

### HISTORY

Long before the Ford Model T, even before the first Mercedes 'horseless carriage', there was Lucas.

1870  
1870 – 1900  
Establishment of the company

1900  
1900 – 1920  
The product range grows

1920  
1920 – 1940  
The largest supplier of electrical equipment

Our business was established in 1872, the same year that the petrol engine was first patented. The story of the business that Joseph Lucas founded in Birmingham, still the global HQ of Lucas today, is the story of one of the most successful automotive brands in history.

1940  
1940 – 1960  
The new braking business

The Lucas brand has been offering top quality automotive products throughout the world for over 140 years.

1970  
1960 – 1970  
Expansion across Europe

Its international success and reputation are based on providing the widest range of products that offer exceptional technology and innovation. Lucas currently operates throughout the world, and is continuously developing new market opportunities.

1990  
1990 – 2000  
One of the top 10 manufacturers in the world

2000  
2000  
Meeting the needs of the market

2018  
2018  
Market launch Lucas Glass
